- 
- Your presentation portfolio must be submitted through Canvas as one ZIP file.

## 4. Evaluation of Tema2

The evaluation takes place on Monday, the 6<sup>th</sup> of April and Tuesday, the 7<sup>th</sup> of April. It will focus on your group work as well as individual work with rubrics and written reflection on this theme.

The evaluation will be held through Skype or Teams. Each group may choose which of the two they prefer. As a group, you must send an e-mail to both Costin and Gery, latest Thursday, the 2<sup>nd</sup> of April at 10:00 AM, mentioning whether your group's evaluation should be held through Skype or Teams.

The duration of each evaluation will be slightly shorter than usual for the sake of the lecturers, but there is a 10-minute buffer between groups, in case of technical issues. Be aware that attending the evaluation is still mandatory!

### 4.1 Evaluation process

**Presentation of projects by the students, 5 minutes:** You give a short and concise presentation of your multimedia production through screen sharing.

**Feedback on group assignment from lecturers, 40 minutes:** The lecturers provide feedback on your product and report, with emphasis on the connection between the two. This feedback focuses on your learning, based on the submission and presentation: what went well; are you at the expected level; where do you have to make an extra effort in the future.

**Feedback on rubrics and reflection from the lecturers, 5 minutes per student:** The lecturers give feedback, again focusing on learning.
